Most importantly, she is known as a fabulous demonstrator and teacher.

Workshop title: MAKING COLOR SING

Description: A wonderful world of color awaits you in a Rose Edin workshop. She emphasizes the use of color harmonies to create brilliant paintings. Pure color is often used in layers to create special effects. She also utilizes and teaches the use of liquid mask, stencils and the actual tracing around shapes of flowers and leaves. Other techniques, such as painting wet into wet, and pouring and spattering paint directly on the paper, are designed to "loosen up" the painter and bring freedom and spontaneity to the painting. You will be amazed at your progress and the fun you will have in the process!

Subject matter may include florals, landscapes, buildings in a setting or figures incorporated into the painting. Rose chooses new subject matter for each painting and each workshop. She learns with her students the possibilities within each subject.
